<b>Target version:</b>			
<b>Description</b>			
TTDPatch Version: all betas Patch Feature: CB 1D			
CB 1D doesn't seem to work anymore when checking vehicles which make up an articulated consist. Please check "br425e.grf" (already sent some time ago). This allows to attach only 3 four-part EMUs (works in a57) but under beta3 you're allowed to add up vehicles indefinitely.			

### History

#1 - 28/05/2006 07:11 PM - Josef Drexler

this was a bug in a57 apparently, the current behaviour is the intended one
