

TTDPatch - Bug #55

airport has wrong height

03/06/2006 05:51 AM - David Dallaston

Status:	Duplicate	Start date:	03/06/2006
Priority:	Normal	Due date:	
Assignee:	Oskar Eisemuth	% Done:	0%
Category:	Normal	Estimated time:	0.00 hour
Target version:			
Description			
TTDPatch Version: 2.5 b5 Patch Feature: buildonslopes			
Airports seem to take their altitude from the top corner of their top tile. If this corner is lowered and the airport is built on a foundation, planes landing at the airport will be misaligned because they think the airport is lower than it actually is.
