<b>Target version:</b>			
<b>Description</b>			
TTDPatch Version: 2.5 beta 8 WIN Patch Feature: Company Colours			
Station sprites, company colours are not translated, they remain blueish. This happens with all station sprites, except the original TTD ones. Patch 2.5 beta 8 for windows and regardless whether the 'enhancegui' switch is on or off. To test, try the Toronto Union station in USstatsw.grf (v0.86 - 09 Jan 2006), the sign on the roof should be in company colour; i.e. bright red.

Title: No longer a problem

It's no longer a problem; I forgot to set bit 15 in the sprite number (and so has the Toronto Union Station).
